

# UNDERSTANDING THE COMMITTEE STRUCTURE

Dick Snyder

Portsmouth SSAB Co- Chair

October 2, 2008

# ROLE OF SUB-COMMITTEES

- **Function**

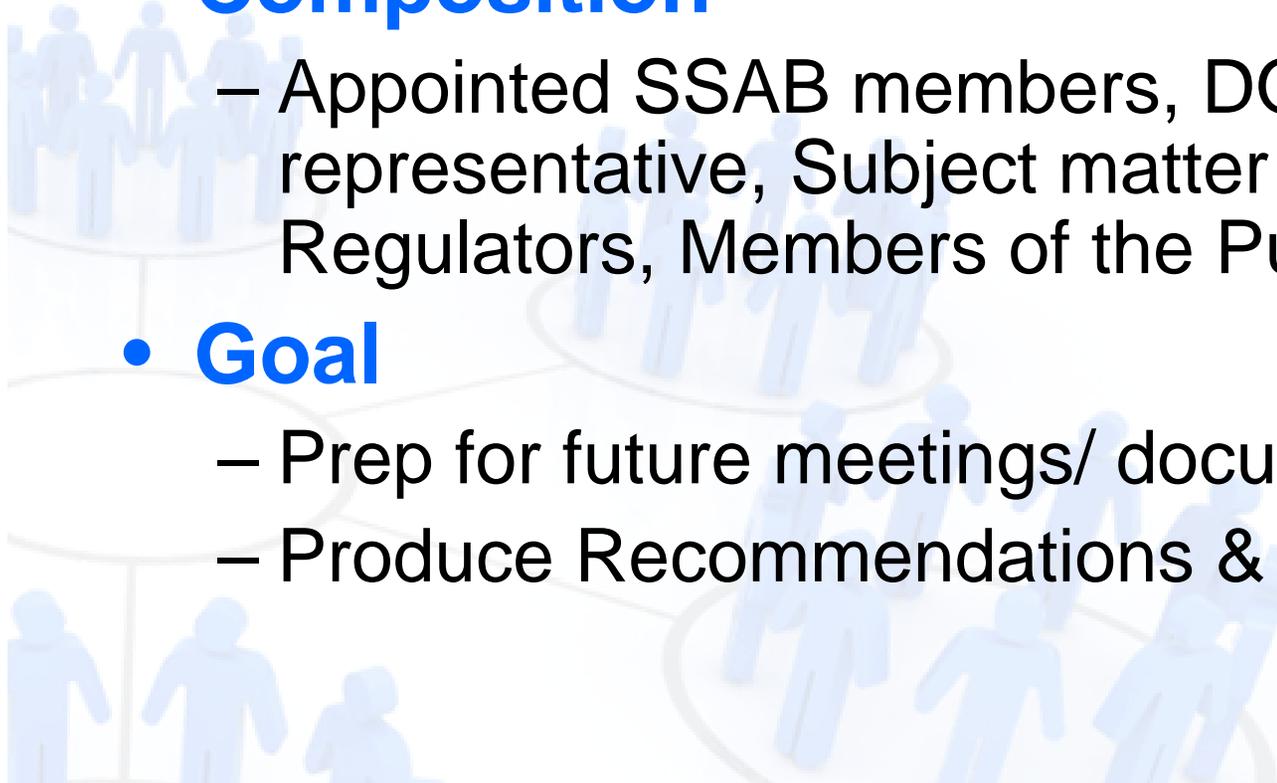

- Work with DOE, Contractors and Regulators to fully understand technical issues and EM projects

- **Composition**

- Appointed SSAB members, DOE representative, Subject matter experts, Regulators, Members of the Public

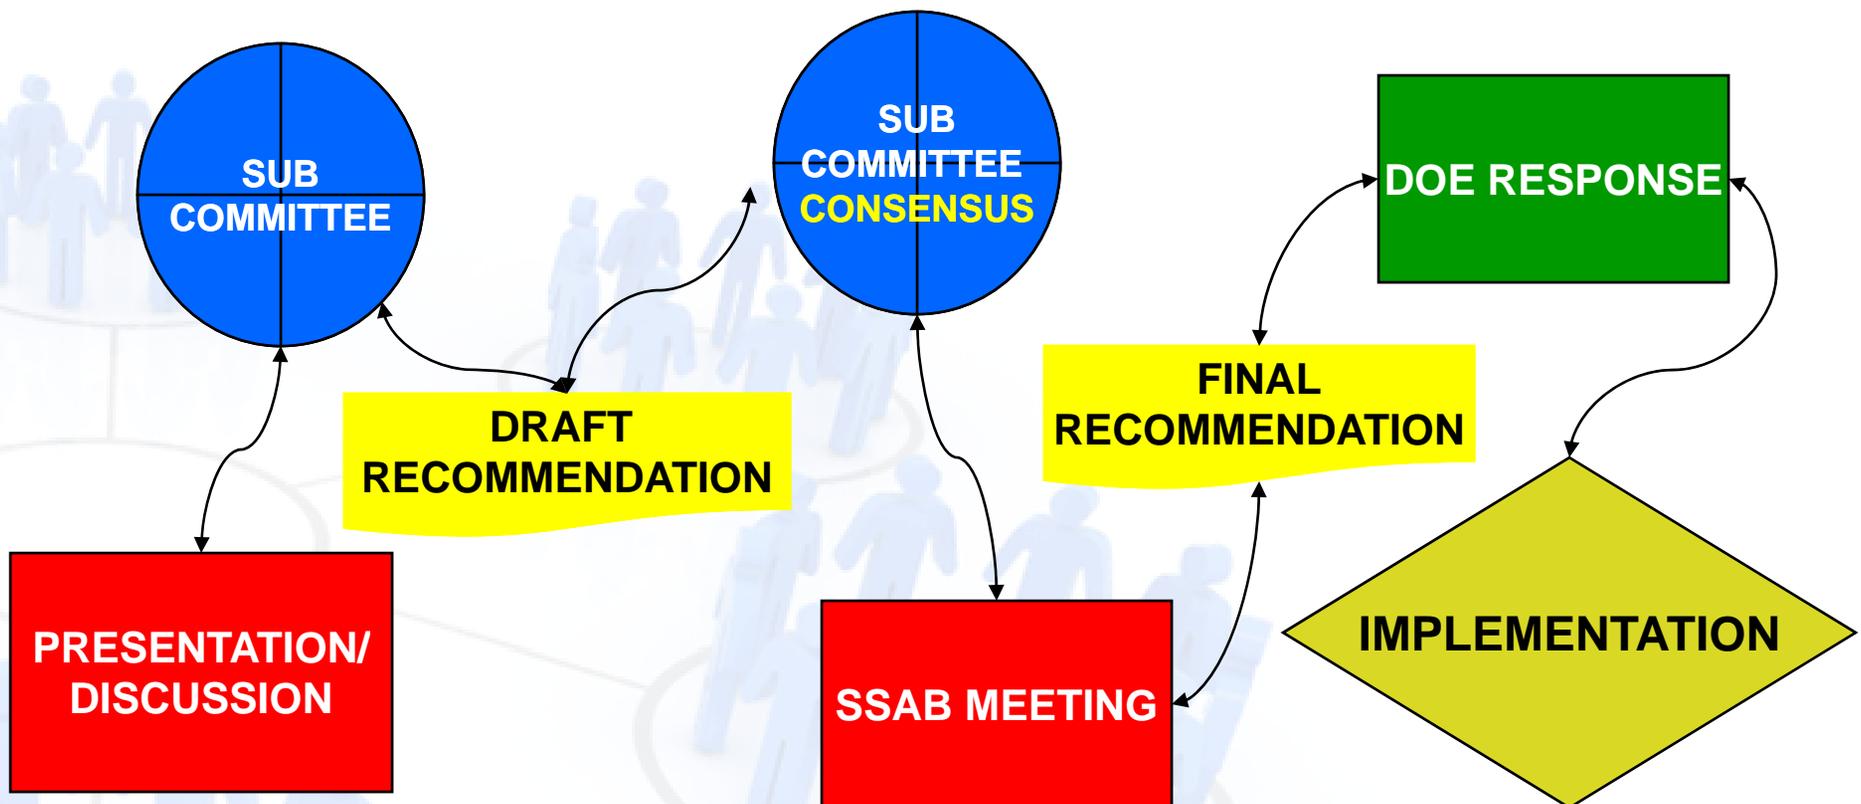

- **Goal**

- Prep for future meetings/ documents
- Produce Recommendations & Advice

# RECOMMENDATION PROCESS

- **Administrative Process**
  - Will be laid out in the SSAB Operating Procedures
- **Typical Process Flow**
  - Gaining Consensus can be very time intensive

# OUR PATH FORWARD

- **Orientation/ Education**

- Fall Retreat
- Committee meetings
- Other educational opportunities

- **Election of Committee Chairs**

- By committees, potentially at retreat, once work plans are established

- **Contact with DOE representatives**

- DDFO appointments are coming
- Committees can't meet without DOE representatives present
