Snyder opened the meeting at 4:00 p.m.

1. RI/FS Update-Mark Jewett, FBP

Question/Comment:	Answer:
<p>Jewett: Over the last year, we have processed two Remedial Investigation/Feasibility Studies (RI/FSs)- one on the process buildings and a second one on waste deposition. The proposed plan could be completed by June.</p>	
<p>Snyder: Are the plumes addressed in the Resource Conservation and Recovery Act (RCRA)?</p> <p>We have been told that having a Record of</p>	<p>Jewett: No one is challenging that the dirt from the old plumes be used as fill for an on-site disposal cell. The question is how to make it work from a regulatory standpoint. That is correct. Having a ROD moves you up</p>

Decision (ROD) helps get the funding needed.	the chain.
Halstead: Has anyone showed the congressional representatives how much money will be saved?	Jewett: Yes, that has been done.

2. Discussion:

Question/Comment:	Answer:
Snyder: Does anyone have anything else? If not we are adjourned.	

Snyder: Meeting adjourned at 4:50 p.m.

3. Action Items: None
