Support Staff: Julie Galloway, Cindy Lewis, EHI Consultants (EHI)

Public: None

Huber opened the meeting at 6:00 p.m.

1. Site Optimization and near term Planning Overview- Karen Price FBP

Question/Comment:	Answer:
Price: I just want to go over what we have been working on for the End State Optimization and Future Use Planning.	
Huber: Is there any mention of the Master Plan in the Record of Decision (ROD) or the Remedial Investigation/Feasibility Study (RI/FS) or is it a side thing?	Price: The Master Plan is not in the ROD, but DOE has required the FBP come up with a Master Plan.
Minter: If there was an on-site disposal cell then would that be approval to consolidation the existing landfills.	Jewett: Why we want to dig the plumes up is explained in the ROD and RI/FS and the how to will be covered in downstream documents.
At the last meeting, the subcommittee talked	Simonton: Lesley Cusick covered property

about the transfer of land. What were the definitions of an operating site or a non-operating site?	transfer last month. We can get you a copy of her presentation.
---	---

Huber: Meeting adjourned at 6:45 p.m.

2. Action Items:

1. EHI to send Dan Minter a copy of Lesley Cusick's property transfer presentation.
